This was provided for information.

6.4.2 Suggested Scorecard Revisions

Dr. Marc Marin introduced this agenda item.

The College Council adopted the use of a Balanced Scorecard in 2013 to assist with measuring and monitoring its performance on a quarterly basis. The Scorecard is intended as one tool which assures that Council is and remains attentive to key areas of its mandate. The strategy map and the indicators table are reviewed on an annual basis for currency and relevance.
The Governance, Audit and Risk Committee is charged with reviewing the documents on an annual basis. A review was completed at its meeting held in May.

Council was provided with a draft revised Strategy Map and Indicators Table for its consideration. Council discussed the documents and provided its feedback.

Based on Council direction the Registrar will complete the indicators table and the new table will be implemented in the first quarter of the next fiscal year beginning October 1, 2016.

8. Public Policy

8.1 Position Statement – Medically Unnecessary Surgery

Dr. Steven Jacobs introduced this agenda item.

At its March 2016 meeting Council reviewed its current document titled “Medically Unnecessary Veterinary Surgery (“Cosmetic Surgery”).” It was determined that a stronger and more succinct redraft of the document was required, but that Council remained clear that it was not in favour of banning veterinarians from performing surgical procedures when they deem them necessary in certain circumstances. Professional judgement was viewed as paramount.

A draft of the recrafted position statement was reviewed by the Executive Committee.

Council considered and robustly discussed the recrafted position statement on Medically Unnecessary Surgery.

MOTION: It was moved and seconded,

“That the Council of the College of Veterinarians of Ontario direct staff to make further revisions to the draft Position Statement on Medically Unnecessary Surgery and return it for Council’s consideration.”

8.2 Professional Practice Standard – Euthanasia

Dr. Jennifer Day introduced this agenda item.

At its March 2016 meeting Council reviewed the revised draft professional practice standard and directed that further revisions be considered and return to its meeting in June.

A revised version was reviewed by the Executive Committee.

Council considered a revised draft Professional Practice Standard on Euthanasia.

MOTION: It was moved and seconded,

“That the Council of the College of Veterinarians of Ontario approve the amended Professional Practice Standard on Euthanasia and circulate to the profession and public for comment.”

CARRIED

8.3 Professional Practice Standard - Advertising

Ms. Claudia Newman introduced this agenda item.

In reviewing the current Advisory Statement on Advertising, staff determined that an advisory statement may no longer be an appropriate type of policy for this topic area. Given the implications of the College’s legislation and regulations, staff determined that
the most appropriate type of policy is a Professional Practice Standard which would outline practice expectations for veterinarians with respect to business advertising.

It was noted that the current advisory statement includes provisions relating to naming of facilities. The draft professional practice standard does not link to provisions in the regulations relating to naming facilities, as it is intended to focus on advertising provisions. A guide and other tools would be developed to assist with clarifications that may be helpful to the profession.

The draft standard was reviewed by the Executive Committee.

Council considered a draft Professional Practice Standard on Advertising.

**MOTION:** It was moved and seconded,

“That the Council of the College of Veterinarians of Ontario direct that the draft Professional Practice Standard on Advertising, as presented, be circulated to the profession and the public for comment.”

CARRIED

At this time Dr. Larry Caven excused himself from the meeting and Dr. Marc Marin chaired the remainder of the meeting.

8.4 Policy Statement – Licensure of Veterinarians in Emergency Situations

The Registrar introduced this agenda item.

Council reviewed and renewed the Policy Statement on Licensure of Veterinarians in Emergency Situations in March 2014. The Policy outlines the process the College would follow for issuing a short-term licence to a veterinarian coming to Ontario to assist with a declared emergency in the province.

Two proposed changes were brought forward to the College. One was to broaden the policy so that it applied to both veterinarians who are licensed elsewhere in Canada and veterinarians who are licensed in another country, and second, to clarify that the declared emergency from a government body includes a request for additional veterinary resources.

The Registration Committee reviewed, and supported the proposed draft policy statement.

Council considered a draft revised Policy Statement on Licensure of Veterinarians in Emergency Situations.

**MOTION:** It was moved and seconded,

“That the Council of the College of Veterinarians of Ontario approve the proposed draft revised Policy Statement on Licensure of Veterinarians in Emergency Situations.”

CARRIED
8.5 Pan-Canadian Framework for Professional Standards for Veterinarians related to Veterinary Oversight of Antimicrobial Use in Animals

The Registrar introduced this agenda item.

Council and the Executive Committee have had several discussions relating to the Pan-Canadian Framework. The College has responded twice to the draft document “Veterinary Oversight of Antimicrobial Use – a Pan-Canadian Framework for Professional Standards for Veterinarians.” Draft two of the document was released by the Veterinary Pharmaceutical Stewardship (VPSAG). The draft was reviewed by staff, a Councillor and the Executive Committee. Several improvements to the document were noted.

Council reviewed the second draft and provided its comments.

The Registrar reported that staff, along with Drs. Caven, Marin and Jacobs will be attending the Canadian Veterinary Medical Association Conference and attending the summit which will focus on the Pan-Canadian Framework.

Council considered a draft 2017 meeting date schedule.

A recommendation of a name of a veterinarian was brought forward to fill the vacancy of the Non-Council Committee member role for the Accreditation Committee.

MOTION: It was moved and seconded,

“That the Council of the College of Veterinarians of Ontario approve the appointment of Dr. Sara Untch as a Non-Council Committee member for the Accreditation Committee.”

CARRIED

10. Notice of Motion

None

At this time Dr. Liz Saul brought forward questions regarding an accredited facility. The Registrar reported that Council does not have statutory authority for matters relating to Accreditation other than setting the Minimum Standards for Veterinary Facilities in Ontario. As a result, it is not a Council matter and should not be discussed at the table. Either the Registrar or the Accreditation Committee Chair would welcome questions or feedback outside the meeting.
The Registrar reported that Dr. Richard Liddell, new Councillor for Electoral District #11, brought forward a question in writing relating to publications. Dr. Liddell will be informed that publications are not a Council discussion but rather an operational decision.

11. **Confidentiality**

Councillors were reminded that Council meetings are public meetings.

Information discussed in in-camera sessions must be kept confidential by all in attendance. All budget/financial documents are not to be shared outside of the meeting as these documents are working documents of Council and not public material.

Minutes of the Council meeting are not approved until its next meeting.

12. **Evaluation Form**

The Council meeting evaluation form (short form) will be forwarded for completion electronically via Survey Monkey. Councillors are encouraged to complete the evaluation which is helpful in continually improving future Council meetings.

13. **Date of Next Meetings**

The next regular meeting of Council will be held on Wednesday, September 28th and Thursday, September 29th at 9:00 a.m.
